

# GAIN ACCESS TO MORE THAN \$50,000 IN FINANCIAL SUPPORT AT THE START OF YOUR TEACHING CAREER

New math and science teachers who are striving to provide equitable instruction are encouraged to apply for a 2024 Knowles Teaching Fellowship.

The Knowles Teaching Fellowship is an intensive five-year program that supports early-career, high school mathematics and science teachers in their efforts to develop teaching expertise and lead from the classroom.

## FINANCIAL SUPPORT\*

Knowles Teaching Fellows have access to funding for professional development, classroom materials and stipends.

## COACHING & MENTORING

Knowles Teaching Fellows are supported by experienced teachers who assist with a wide range of personal and professional challenges faced by beginning teachers.

## COMMUNITY MEMBERSHIP

Knowles Teaching Fellows are able to tap into a national network of nearly 450 teachers who support one another in their efforts to improve education.

*"I encourage all new teachers to apply because not only does Knowles give you resources and support, it also gives you a voice. One of the biggest things I've taken away from my participation in the Fellowship is the courage and the confidence to speak up at my school and enact real, positive change to best support students."*

*-John Holcomb, Knowles Senior Fellow,  
Chemistry Teacher, Sequoia High School, Redwood City, California*

\* Fellows are eligible for grants, but must request funds.

\*\* For the purpose of eligibility, we consider an applicant's first year of teaching to be the first year in which they teach full time for the full academic year as the teacher-of-record. See [knowlesteachers.org/apply](https://knowlesteachers.org/apply) for details.

# 2024 KNOWLES TEACHING FELLOWSHIP APPLICATION PROCESS

To be eligible for a 2024 Knowles Teaching Fellowship, individuals must:

1. have the capacity and determination to **commit to teaching as their primary career**;
2. have **earned a degree in a major related** to the mathematics or science discipline they intend to teach **between 2014 and September 1, 2024**;
3. have earned or will earn a valid **state teaching credential/certificate/license** that enables them to **teach mathematics or science in grades 9–12 in the United States no earlier than January 1, 2019 and no later than September 1, 2024**; and
4. be entering their first, second or third\*\* year as teacher-of-record during the 2024–2025 academic year.
