Find Your Community. Strengthen Your Practice. Create Meaningful Change.

Knowles TEACHER INITIATIVE

Teaching Fellowship

The Knowles Teaching Fellows Program is a four-year program that supports early-career, high school mathematics and science teachers in their efforts to develop teaching expertise and lead from the classroom.

1

Community Membership

Tap into a lifelong national network of 600+ Knowles Fellows. From in-person meetings to virtual connections; support is always available.

2

Financial Support

Grants and stipends are available to cover expenses, reduce debt, and amplify impact beyond your classroom.

3

Professional Growth

Learning opportunities and resources supports you in deepening your expertise in math and science subjects.

4

Mentoring & Coaching

Gain insights from experienced veteran teachers who bring decades of collective professional and personal teaching insights.

ABOUT THE KNOWLES TEACHER INITIATIVE

The Knowles Teacher Initiative is a nonprofit organization that supports a national network of mathematics and science teachers who are collaborative, innovative leaders improving education for all students in the United States. We strive to create an educational system that is led by teachers who are equipped to solve difficult problems and respond to local challenges in order to serve all of our nation's students.
